800.00 \$

This Lathe has been in the family for about 60 years. During that time it has been used occasionally. As you see by the shavings box it is still in use. Babbitt bearings are slightly worn. Other than that it functions fine. The Patten says 95. It may well be the date of manufacture as in 1894 these were treadle lathes. This one has the treadle style legs. In excellent condition for a 120+ year old machine. On catsors / wheels an be easily loaded on lift gate truck or low deck trailer. Dave Schruder 208-630-3626 moving must sell
